## GREEN PROCUREMENT POLICY

At Kerry Properties Limited, we strongly believe we have the responsibility to create a better environment for our future generation. As part of our corporate environmental policy and social responsibility to our stakeholders, we are committed to green procurement. The aims of our Green Procurement Policy are:

- To purchase environmentally preferable products and services with minimal or no adverse impact on environment and/or human health, whenever practicable and economically viable;
- To introduce green purchasing specifications in existing corporate purchase practice;
- To minimize environmental impacts and conserve natural resources in our procurement and daily operation;
- To provide a safe and healthy environment for our staff, clients and communities where we operate;
- To comply with applicable environmental laws, regulations and requirements in the procurement of products and services;
- To further strengthen our implementation of Environmental Management System;
- To foster continual environmental improvement to meet our stakeholders' expectations.

This Green Procurement Policy applies only to the property investment, development and management business in Hong Kong.
